Description

Looking to update or transform the décor in your home? The “Clifton” bar stool features an intricate design that is sure to be just what you have been searching for. The unique back design includes a cherry veneer inlay across the top. The 360 degree swivel seat is thickly cushioned in order to ensure everlasting comfort as well as being upholstered in a floral fabric covering. The striking black finish features bronze highlighting which adds a stylish finishing touch. This stool ships with the functional patent pending leg extension system which allows for a quick and easy transformation between counter and bar seat height. The “Clifton” bar stool is guaranteed to impress you as well as your family and friends.
