

Rimini Extension Stool

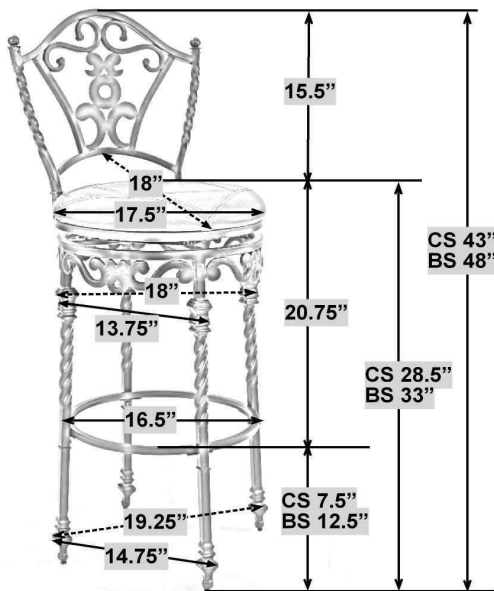

1512-1ES

Features

- Durably Crafted Metal Frame
- Design Features Intricate Scrollwork
- Interesting Back Design
- Suede Microfiber Upholstery
- Patent Pending Leg Extension System Easily Transforms Between Counter and Bar Height

Description

The “Rimini” bar stool is composed of a sleek solid metal frame that is embellished in a black finish with striking bronze accents. The frame features a scrolling design that is enhanced through intricate scrollwork and the back design boasts ornate detailing. The seat of this stool is thickly cushioned as well as upholstered in a brown leather covering, which features a unique hand stitched design. With a 360 degree swivel seat, this bar stool is not only comfortable, but also easy and fun to use! This stool ships with the patent pending leg extension system which allows the stool to easily transform between counter stool and bar stool seat height.
